

“Build A Better Dressage Horse”

with

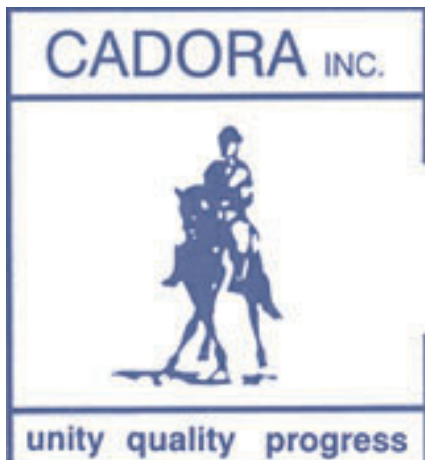

STEPHEN CLARKE

(FEI Judge, Coach, Competitor)

Words of Wisdom

- *Don't “drive” for impulsion - create it •*
- *The reward of coming back is the going forward •*
- *The horse must become submissive, not through the reins, but through the rider's leg •*
- *Make your horse react ... stay relaxed: if you can do this, you are winning •*
- *You can only collect a horse as much as he is going forward •*
